Oracle Corporation is an American multinational computer technology corporation headquartered in Redwood Shores, California. The company specializes primarily in developing and marketing database software and technology, cloud engineered systems, and enterprise software products — particularly its own brands of database management systems. In 2014, Oracle was the second-largest software maker ...

[Extracting Data from BICS / Apex via RESTful Webservice](#)

Mon, 06 Jul 2015 23:53:00 GMT

Introduction. BI Cloud Service (BICS) has an API to load data into the underlying database (more details here), but reports created in BICS can not be made available and called as web-services to extract the data. This article will document a method by which RESTful web-services can be created in Apex and exposed to replicate a BICS report, and provide access in the underlying BICS Schema ...
