Business Video Views, Though Limited, Grow Quickly on Facebook and YouTubeThe Business genre grew faster than any other on Facebook and YouTube, but is also much smaller than others. YouTube and Facebook – the two most popular social media sites in the US – are commonly seen as more consumer-oriented than other, more business-oriented sites such as LinkedIn.

Statistics is a branch of mathematics dealing with the collection, organization, analysis, interpretation and presentation of data. In applying statistics to, for example, a scientific, industrial, or social problem, it is conventional to begin with a statistical population or a statistical model process to be studied. Populations can be diverse topics such as "all people living in a country
